

Timaru Christian School Procedures

RPR1 School Planning and Reporting (School Charter)

The School Charter will be drafted at the end of each year, following review and consultations. In January of each year the Board of Trustees will approve and adopt the charter. The Charter will be submitted to the Ministry of Education before the due date.

A copy of the charter will be on display in a folder for members of the community to view, in the school office.

The annual goals and school targets will be reviewed regularly, throughout the year as part of the reporting to the board process.

Date of last review: Term 4, 2015
Date of next review: Term 4, 2018
