RPR1 School Planning and Reporting (School Charter)

The School Charter will be drafted at the end of each year, following review and consultations. In the first Board meeting of each year the School Board will approve and adopt the charter. The Charter will be submitted to the Ministry of Education before the due date.

A copy of the charter will be available on the school website for members of the community to view.

The annual goals and school targets will be reviewed regularly, throughout the year as part of the reporting to the board process. They will be submitted to the Ministry with the Charter and to the auditors as part of the Annual Report.
